Meeting Our Public Sector Equality Duty

Introduction

Selattyn C.E. Primary School is an inclusive school where we believe that all members of our community are of equal worth. We demonstrate our commitment to this by prioritising the well-being and progress of every child in our school and by striving to ensure that all members of our community are treated with fairness and equality.

We believe that the Equality Act provides a framework to support our commitment to valuing diversity, tackling discrimination, promoting equality and fostering good relationships between people. It also ensures that we continue to tackle issues of disadvantage and underachievement of different groups represented in the school.

Our approach to equality is based on the following key principles:

- All learners are of equal value. Whether or not they are disabled, whatever their ethnicity, culture, national origin or national status, whatever their gender and gender identity, whatever their religious or non-religious affiliation or faith background and whatever their sexual orientation.
- We recognise, respect and value people of different identities and understand that diversity is a strength. We take account of differences and strive to remove barriers and disadvantages which people may face, in relation to disability, ethnicity, gender, religion, belief or faith and sexual orientation. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.
- We foster and promote positive attitudes and relationships, encouraging mutual respect between different groups and communities.
- We foster a shared sense of cohesion and belonging, we hope all members of our school community feel a sense of belonging and feel that they are respected and able to participate fully in school life.
- We observe good equalities practice for our staff, ensuring that policies and procedures benefit all employees and potential employees in all aspects of their work, including in recruitment and promotion, and in continuing professional development
- We have consistent, high expectations of all our children and believe all pupils can make good progress. We are committed to every pupil being able to reach their true potential in all areas of the curriculum and their school life.
- We work to raise standards for all pupils, including the most vulnerable. We believe that improving the quality of education for the most vulnerable groups of pupils raises standards across the whole school.

EQUALITY ACT 2010
