

## Selattyn C.E. Primary School

### Curriculum Statement

#### Our School Vision

---

As a loving community, our vision is to nurture each individual in our care, giving them the skills, resilience and hope to succeed and flourish, both academically and spiritually, in God's ever changing world.

#### Curriculum Intent

---

Our curriculum will engage and inspire learners with the curiosity to enquire and challenge, the ability to problem solve and adapt, and the confidence to communicate their knowledge and skills in an ever changing world.

Our Christian values and vision will enable our children to build healthy relationships and support each other to succeed in our loving nurturing community which is inclusive of everybody.

Knowledge and skills will be systematically mapped out within our schemes of work; building over the journey of a child within the school. This will enable our children to be ready for the next step in their education journey, wherever that may be.

#### Curriculum Implementation

---

Clear long-term planning has been produced for all subject areas, including skills mapping and knowledge organisers and ensures coverage of the national curriculum requirements. Therefore, all teachers have a clear understanding of what is to be taught, what the children already know and what they will go on to learn next. Our curriculum subjects are taught discreetly to ensure high-quality learning within every subject.

Through our curriculum the school is committed to:

\*Developing high quality vocabulary

\*Promoting British Values and celebrating diversity

\*Providing opportunities for spirituality

\*Provide a range of enrichment activities
